

# THE GOOD STUFF

### Be like Rickie

For the younger lads that resemble Rickie Fowler, or the older gents that just want to be Rickie Fowler, at least you can dress like him! PUMA has a new line of CLOUDSPUN clothing that feels better than anything you currently own. This Taylor Golf Polo is designed for fashion-conscious players, featuring a

colorblock pattern. The ultra-soft feel keeps you comfy and dry well beyond your round. Available in six colorways. \$70 [cobrapumagolf.com](http://cobrapumagolf.com)

### A Push Cart That's Not Pushy

Say "goodbye" to heavy push carts that never seem to cooperate when opening and closing. The Nitron from Bag Boy is the fastest opening push cart out there. With Nitro-Piston Technology, this cart opens in one easy step. When folded down its compact design fits into any trunk for easy transport. Top-Lok Technology keeps your bag securely fastened on the course, while utilizing the convenient scorecard console, extra-large accessory bag, and handle mounted brake.

### Chew This Over

Just when you think you've seen it all in decorative head covers – the Tiger head, the Pink Panther, every sport team logo in captivity – along comes Daphne's Headcovers of Phoenix with a driver cover that resembles a taco, complete with guacamole oozing from the sides. It's no small-size taco, either. This novelty fits a 460cc driver, keeping it safe from scratches, but not from dogs with no sense of smell. And there's room for your name if you so desire.

### Clean your Grooves Properly

We've all experienced a ball washer that is out of H<sub>2</sub>O. Very frustrating. So stop spitting on your towel and grab yourself a Grooveit. The wet club cleaner was a hit at the PGA Merchandise Show and deserves a place in your bag. Patented pump action sprays water or your choice of cleaning solution onto the face. Detachable magnets keep the brush securely fastened, and an ergonomic-designed pistol grip is strong and durable.

### A Wallet for the Techie Age

The hunt for the perfect wallet ends here. The Ridge is not only sleek, it's practical and protective. This wallet holds up to 12 cards and blocks RFID (wireless theft) to boot. A money clip option is available to those that like a more traditional look, while a cash strap is also available and is slightly slimmer. Available in aluminum, titanium, and carbon fiber with a variety of finishes in each model.

### Your New Top Gun

MAVRIK drivers from Callaway are making their mark. The new Cyclone Aero headshape produces faster ball speeds across a larger face that offers FS2S titanium. This lighter face accounts for a tighter dispersion and max forgiveness on off-center hits. Its game-changing Jailbreak internal technology and a new lighter carbon crown will land your drives in places that leave you shaking your head. We can attest to that, and have even left mouths agape.
