

**Hip to be Square**

Cleveland Golf is back in the putter game! The company's new Smart Square putter series ends your alignment woes and makes four-foot putts look like gimmies. The dual-axis alignment aid provides an ideal track to the hole and removes the guesswork of setting up on the correct line. Cleveland's test results claim that golfers make 23% more putts with the Smart Square—our test drive concurs. We found that the dual axis alignment inspires far more confidence than Odyssey's Two-Ball putter, which may be reason enough for diehard Two-Ball users to switch to squares. We especially liked the copolymer face insert, which provided ample feedback and a pleasant sound. We also love the fact that a putter with premium results is also highly affordable.

The Smart Square is available in center- and heel-shafted models. \$140 [www.clevelandgolf.com](http://www.clevelandgolf.com)

**The Renegade**

The latest golf shoe from Allen Edmonds pays homage to the Golden Bear. Renegade, from the Jack Nicklaus Signature Golf Collection, is a sporty, spikeless golf shoe that offers superior craftsmanship and comfort. Moreover, the Renegade shoe is crafted with 360° Goodyear welted construction, which involves 212 steps to manufacture. With interchangeable Ortholite® athletic insoles, you will wear out the soles before you tire of the comfort and performance. Allen Edmonds shoes are made in Port Washington, Wisconsin, and the Renegade can be recrafted for many years of use. If you are ready to upgrade your footwear, then Allen Edmonds is the pinnacle of panache and a deserved luxury that performs on the course.

**Bouncy, Bouncy**

If you are looking for an uber-comfortable summer slip-on, the Skechers GOwalk 3™ is for you. This third-generation GOwalk has been engineered for maximum bounciness through the use of a two-piece sole constructed of Resalyte® and Go Pillars™ that help absorb shock and provide extreme cushioning. Comfort is further enhanced by the Goga Mat™ insole. Finally, a perfect fit is assured by the Performance Fitknit™ upper that's ultra-lightweight and breathable. Although specifically designed for walking exercise, we found they would work just as well for a casual round.

**So Nice with Sunice**

Sunice's 2015 Sport Layers collection includes the Derby Ultralight Weight Duck Down jacket. This outer layer is ideal for those cool spring evenings while you are trying to beat the sunset into the clubhouse. Sunice Performance Layers are designed to create an apparel layering system that allows golfers to play at their very best in all weather conditions. Thermal properties combined with moisture wicking attributes and bright color combinations are just a few of the details that make these layering pieces stand out from the rest of your closet.

**The Longest Fairway**

Recent independent testing confirms that Exotics E8 Beta fairway woods are the longest fairway woods in golf. When the Batavia-based manufacturer pushes the limits of golf club technology, the results are impressive and far reaching. So far reaching that the nearest fairway wood fell ten yards short of the E8 Beta 3-wood in the aforementioned lab tests. Design, combo brazing, and the new Beta cup face deliver a club that feels great at impact, and feels even better when you are lining up your eagle putt on that par 5 that used to be unreachable.

Exotics E8 Beta fairway wood is available in 3 (12°, 13°, and 15°), 4 (16.5°), and 5 (18°).

**Rolling, Rolling, Rolling**

Clicgear expands on its push cart line by finding a date for that third wheel with the Model 8, the company's four wheel model. A Red Dot Award winner in 2014, the Model 8 features an oversized console, six accessory tabs, dual front brakes, and airless tires. The 4XFOLD Technology allows the Model 8 to fit into any vehicle with ease, and is available in five different colors. Enjoy luxury and four-wheel drive while cruising the course with the coolest cart.
