## Bridgestone is on Track

We admit the commercials with Tiger Woods and Bryson DeChambeau are hilarious, but the new e12 line from Bridgestone is no joke. The e12 Soft is built for swing speeds under 105 mph (available in white, green, red, and yellow) while the e12 Speed is for swing speeds over 105 mph (white only). Both models feature Active Acceleration Mantle, creating increased thrust and ball velocity.

## Odyssey Goes for Tempo

Odyssey is going in a new direction with its 2019 Stroke Lab putter collection. Where most putters tackle alignment, these putters shoot for helping your tempo. The Stroke Lab features a multi-material shaft 40 grams lighter than a traditional putter shaft. The weight distribution produces consistency through the entire stroke.

## Pound It With a Ping

Ping continues a great legacy of drivers with the new G410. Available in Plus and SFT (Straight Flight) models, the G410 is all about advancing custom fit options while increasing forgiveness and ball speed. Moveable-weight technology allows for the desired ball flight while Trajectory Tuning 2.0 expands loft and lie options.

## Srixon Aims High

Srixon has been producing some of the prettiest irons in recent years, and the new Z Forged are no exception. Definitely a set of irons for the purist and the more skilled player, these muscle-back blades have a classic shape and can be worked all around the course. The newly redesigned Tour V.T. Sole provides consistent ball striking and precision shots. Available from 4-iron through pitching wedge.
