Mizuno Goes Light

Mizuno sure knows how to cater to those that carry. The new ultra-lightweight K1-LO stand bag combines a sleek look (five colors available) with only the essentials that you need. Full-length dividers, dual shoulder straps, and a waterproof valuables pocket are part of the 2.7 pound back feather.

\$220.00

Snake in the Fairway

The company that brought a CNC precision-milled face to a driver now debuts the same in its fairway metals with Cobra's King F9 Speedback. The sole weight structure lowers the center of gravity by 10 percent and Cobra's famous Baffle Rails combine for a lower center and faster club/ball speeds. Available in adjustable 3-4 or 4-5 models.

\$269.00

Feeling Exotic?

The EXS line is the latest addition to the Tour Edge Exotics family. Adjustable sole weights make up a Flight Tuning System and Rollface Technology creates straighter shots, even with off center contact. Available in 9.5 and 10.5 degree adjustable heads and with MCA Tensei CK Blue 2G stock shafts.

\$299.99

Wear Your Mojo

Skechers golf shoe game is strong. For several years they have produced some of most comfortable spiked and spikeless options on the market. The new Go Golf Mojo Elite has GRIPFLEX spikeless technology along with a TPU outsole. Ultra-lightweight and water resistant.

\$100.00

Cleveland Rocks the Soft

Cleveland expands on its wildly popular Huntington Beach line with the new Huntington Beach SOFT collection. The flagship model, the 11, is a slant neck mallet with two stability wings. Its soft feel creates a truer roll and more consistent distance.

\$129.99

Become Mr. Cool

As far as style and materials go, TravisMathew might be the hottest brand in golf apparel. No exception is the full-zip Scorpio jacket. With half-elastic cuffs and a welt pocket on the side, this jacket easily goes from on course to on a date. Lightweight and moisture-dispersing fabric. Available in black and heather grey.

\$150.00

This is Big, Bertha

One of the most recognized names in golf equipment is packing a punch again with the Callaway Big Bertha hybrid. Revolutionary Jailbreak Technology incorporates two internal bars that stiffen the body, creating faster ball speed and longer distance. Available in hybrid numbers 3-8 with UST Mamiya Recoil ESX stock shafts.

\$269.99

A Winner from Wilson

The latest launch from Wilson Staff is a game improvement iron that still maintains a sleek overall look. The D7 combines technology and aesthetics from the award-winning FG Tour V6 and C300 irons. RE-AKT technology provides power where it's needed most, giving you superior distance.
